DLCC 2007 Conference

Language and Culture at a Distance

20-22 March 2007

Chairman's Vision

The men and women of our armed forces are the nation's most important strategic resource. Only a force of dedicated, well-educated, and highly trained men and women capable of leveraging new ideas will succeed in the complex fast-paced environment of future military operations.

What do we hope to accomplish?

The only thing harder than getting a new idea into the military mind is getting an old one out.

B.H. Liddell Hart

Think outside of the proverbial box
